Drown, drown
Drown, drown
Drown, drown, suffocating no air, underwater no air
Drown, drown, suffocating no air, underwater no air

And you know that I need you
So give me something I can do
But you just take and rip away, until it's over
I've been waiting for so long
Finally found out what went wrong
Listen closely and you will hear, that it is over, right
now

She ties you down, down, down, down, down, down,
down
Wasted!!
You made me love you

Drown, drown, suffocating no air, underwater no air
Drown, drown, suffocating no air, underwater no air

Lie your head down thoughts consume
On a blanket in your room
Wraps into fire and comes so clear
Face head over
Drifting out, out into sea
Looking glass, cleared for me
Glancing slowly for some room
To bang a nail solidly through

It's all over can't you see
I've given you all of me
So scratch until you dig away, all of the venom from
your vein
I can't help you, can't you see, that it is over

Don't you know it's over, don't you know it's over

Drown, drown, suffocating no air, underwater no air
Drown, drown, suffocating no air, underwater no air
Drown, drown, suffocating no air, underwater no air
Drown, drown, suffocating no air, underwater no air

Sacrifice my soul to you
Disappearing in thin air
