I have to thank you my love
Before have to fake it take it all
It's all right passion making love

We are alive we are the unbelievable

People like the way I look and the things I say
So drop into the haze and let your body feel the craze
Everybody in the wave can feel the sound can't walk
away
I say we need some operation on this timely sterile
nation

Your sister is falling down
The system is going up and down
My brain is spinning round
It's all right

I have to thank you my love
Before have to fake it take it all
It's all right passion making love

Do you feel like, you want to?

At 12:05 we come alive and then we all start to vibrate
I'd like to give you more, I'd like to give you more
I believe this fetish nation, will be a world vibration
Let it be your own salvation, it's mental masturbation

Your sister is falling down
The system is going up and down
My brain is spinning round
It's all right

I have to thank you my love
Before have to fake it take it all
It's all right passion making love

Do you feel like, you want to?
