Don't leave me here
I'm outta control
Keep falling down
Did you have to do that?
Because I'm easy to tease
I'm all locked up, I can't find the keys
I always told you that you'd go far
I'm lying underneath you catching stars
People say you'll never take me with you - will you - will
you
[chorus]
If you have to go
Won't you tell me
If you still believe
That I am the only one, the only one
I needed time, I just took too long
I'm falling down
Did you have to do that, all I needed was everything
I'm all locked up, I can't find the keys
I always told you that you'd go far
I'm lying underneath you catching stars
People say you'll never take me with you, will you, will
you
[repeat chorus]
I never thought you'd be that strong, but I was wrong
I never thought you'd be that strong, but I was wrong
[repeat chorus]
Don't leave
The only one
