Parked car  
This night sky  
Makes city lights shine like diamonds  
Our song plays on the radio.

We're living it up  
Make this night ours  
We own the world  
I wish this lasts forever  
Alone with you tonight  
Further in you feels so right.

Parked car  
This night sky  
Makes city lights shine like diamonds  
Our song plays on the radio.

We're giving it up and just a little more  
This heart felt leap I surrender  
Arms raised tonight. (arms raised)

We're giving it up and just a little more  
This heart felt leap I surrender  
Arms raised tonight. (arms raised)

Anywhere with you  
Anywhere with you  
Anywhere with you

Drive me away  
Cuz the night just feels right  
Take me away with you tonight  
Anywhere with you.

Drive me away  
Cuz the night just feels right  
Take me away with you tonight  
Anywhere with you.

Parked car, this night sky

Parked car

This night sky  
Makes city lights shine like diamonds  
Our song plays on, our song plays on,  
Our song plays on, our song plays on

Our song plays on...  
Parked car, night sky  
Alone with you tonight...
