Let the word spread out like fire
Building bridges to unite one blood
Let the youth receive and see
There's more to life than this tragedy

I'm gonna be choosing to survive
Refuse to stand aside
We lift the voice to get up on us
We unite to ignite (jah, love)

I'm breathing in a new beginning
Precious life is in the air
Spread the word and not the hurt,
Spread the word and not the hurt

[chorus]
We are the future
We own the future
Let the youth open their minds
The right to stay alive

[3x]

Every moment humanity I claim
Born every minute is a victim
But we turn away
Open your eyes, open your eyes wide
To the information
And subscribe to stay alive

Open your eyes, open your eyes
(an invitation to the nation,
With every life)
Breathe the air and stay alive
(come together)

Spread the word and not the hurt
Spread the word and not the hurt

[chorus [4x]

We own the future [4x]

We own the future
I refuse to stand aside
We own the future
I choose to stay alive
We own the future
Refuse to stand aside
We own the future
We have the right to stay alive

[chorus 2x]

We have the right to stay alive [3x]

The right to stay alive [3x]
