For every person we're thankful for
Even those that didn't believe
We're sending a message, sending a message

Our tears run deep and they turn to ink
For the songs that made you all sing
We're sending a message, sending a message

Didn't notice it's been this long.

Caught your attention
I'd hold you if I could reach
Sending a message, thank you for listening
I'll worship right at your feet
Sending a message, thank you for listening.

Thank you for listening... Woah (2x)

With every city we visit
Singing our songs
The blessing you give has overflowed
With every moment we share, take in a picture
Each loving embrace, a reminder of who we are
Fearing the day that this could be all gone
Once more, revealing our purpose,
A hunger, ignite the stage
Carried by wings, all the hope that this just wont fade

Sending a message... Woah (4x)

Woah... Woah... Woah... Woah...

Caught your attention
I'd hold you if I could reach
Sending a message, thank you for listening
I'll worship right at your feet
Sending a message, thank you for listening.

Caught your attention
I'd hold you if I could reach
Sending a message, thank you for listening

I'll worship right at your feet
Sending a message, thank you for listening.

Thank you for listening... Woah (4x)
