Something isn't right here  
I've been feeling it for awhile  
I used to be uncertain  
But things are clearer now  
Things are clearer now  
Between the lines drawn are getting thin  
Could this be the end of something beautiful?

Am I reaching out to nothing?  
Please tell me that I'm not too late  
Don't shut me out  
Take back things said  
That were never meant

Coz it feels like the end of it all  
We're strangers again  
All promise is lost  
Coz it feels like the end of it all  
Could this be the end  
Of something beautiful?

She makes me feel like I've lost it all  
No hopeful returns  
She's never returning  
Our bitter words that echo  
Along these walls tonight  
Take back things said  
That were never meant

She's caught up in my system  
A good drug is so hard to find  
Leaving me dry  
Renounce you off my body  
Coz to be with you once more  
I close my eyes.
