[lyrics by Trondr Nefas, 1997]

Torture, slavery, molesting, endless pain  
You'll feel them all scum, as you bow down before me  
Feel my whip as it shreds the skin of your back  
Making your blood stream, out of your wide open  
wounds

I'm your ruler, you're a fly to my face  
A plague for me, i've got to get rid of you  
I'm no beast, i'm worse than a beast  
Therefore i'll sodomize you like i've sodomized the  
fluffy sheeps of god

Sodomizer! The fucking sodomizer!
