Translation:

In your position set!

All the experiences you made until yesterday
And your knowledge are only a burden
The wind will always pass by
And leave nothing behind

Look for a new road!
Don't open someone else's map!
When you raise your eyes that were looking at the
ground you'll become zero

Are we dreaming?
Are we believing in future?
Afraid of nothing, careless of what's our place
As reckless as we are
Are we dreaming now?
We should be as brand new as a child!
Let's tear off the chains that controlled us
Change your mind
Change your mind
We don't need to know anything Beginner!

Adults failed and felt ashamed
And suffering has become their trauma
Thinking they don't want to feel such pain again
They have become smart

Challenges are laughed upon
What are you protecting with your silly calculations
In order to avoid risks?

Are we alive?
Do we want to be alive tomorrow?
We pretend we understand, we feign a knowing look
While we haven't dreamed in a long while
Yeah, are we alive?
Aren't we wasting our life?
Feel now the rhythm pulsing through your veins!

Stand up! Together!
Remember the day you were born!
Everyone's a beginner!
Stand up! Right away!
It won't go well
Easily from the beginning
Stand up! Together!
You just need to go back to the beginning
A beginner again
Stand up! Right away!
Be defiant, be defiant
It will happen somehow
Tear away the old page
Come on, let's begin!
We can be reborn all the time

Are we dreaming?
Are we believing in future?
Afraid of nothing, careless of what's our place
As reckless as we are
Are we dreaming now?
We should be as brand new as a child!
Let's tear off the chains that controlled us

I can't do anything
I can't do it well
And so?
We're still young
I can't do anything
I can't do it right away
That's why we have possibilities

The rain has stopped
The wind has stopped
A light we've never seen before
Is shining
Now's the time

You are a reborn beginner!
