When I?m standing next to you  
There?s a song to sing , I know everything?s feeling  
right  
When I?m standing next to you  
Steeple bells ring only good things do I see  
When you?re next to me

When I hold your hand in mine  
Different world wakes, a new morning breaks with the  
sun  
When I hold your hand in mine  
Children?s reaching flight through a star lit night that?s  
what I see  
When you?re next to me

This love for you I?m feeling, has a power that is  
healing  
It can mend the darkest hour with glorious light

When I taste your lips so sweet  
I see beggars dine and the sands of time up and stuff  
When I taste your lips so sweet  
Black and white bend, every dog lands at your feet  
When you?re next to me

This love for you I?m feeling, has a power that is  
healing  
It can mend the darkest hour with glorious light

When I?m lying next to you  
I feel moonbeams burn, I see rainbows turning to gold  
When I?m lying next to you  
I hear Angels play, I see sweeter days, I see rivers wind  
Through the end of time  
I see hatred fall from the highest hill  
I see God?s good grace shining in your eyes, that?s  
what I see  
When you?re next to me
