

Us, From Outside

"Where's My Chippy? There's My Chippy!"

All our dreams left behind, in letters drawn out in lines.
(As I lay here now)

Here at the gates, here on the floor.
Where I live, you'll find in a while.
It's safe from the world, you'll wanna know why.
Believe these words, the only light will change your
mind.
It tells me all about my sins.

A bitter child never grows no matter how long it has
been
Since the offense that brought them down.
And so am I?

The picture fades, leaving no one, no one behind.
The picture fades, leaving no one, no one behind.

I came out laughing and pulled it together it made me
what I was.
The champion that we.
And all we know is all because, we're giving up.

Think back to when you were a child.
Think back, and notice how you're nothing now.

The picture fades, leaving no one, no one behind.
The picture fades, leaving no one, no one behind.

I could've sworn that it was over and done.
I've broken promises, but I'm not the only one.
I've broken promises, but I'm not the only one.
The only one, the only one.

The picture fades, leaving no one, no one behind.
The picture fades, leaving no one, no one behind.
