Snakes

Headz be talkin' 'bout this and that
Behind backs, chit chat, speakin' on shit
That's off track, lackin' the facts

In my face ya crack smiles all the while
File vile data, scatterin' lies for miles
I know your style

Jealous of me, the face seen on screens
KCB's the MC, son
You wish could be, see but can't

My man's plan rant
Slanderous enhanced chants
Planted to lance by chance, ruinin' my stance

I should blast ya ass, kid, talkin' that smack
Yet hold back, bids is wack
In fact carefully planned attack

In our midst exist viperous heads who hiss
Slither, committed to trick
Wisdom, venomous spit, snakes

We parted ways, way back, my ex, that's that
Now back chat, rumors and all of that
Why lie, stabbin' my back?

Puttin' me down 'round peeps
I know in town, ain't how I gets down
Baby, lounge and lose your frown

Seekin' revenge through friends
But since, since when this shit all began?
Baby, diss this, think again

Replaced to date, fake two face
Chasin' papes, escaped that fate
But wait, who's callin', who to date?

Your snake facade
See through your camouflage or guard
Beyond your charm lies evil, layin' calm

In our midst exist viperous heads who hiss
Slither, committed to trick
Wisdom, venomous spit, snakes

Who thinks they know me
To speak on what eyes don't see?
BK to Queens keeps biz from off the streets

Round the way he say, Ã¢Â€ÂœRelay all day
Headz, bald to dread, spread wordsÃ¢Â€Â
Other men said, Ã¢Â€ÂœImplanter of lies
Spies serpents in disguise, Gemini two sided, false
impliesÃ¢Â€Â

In our midst exist viperous heads who hiss
Slither, committed to trick
Wisdom, venomous spit, snakes
