I don't mind what they say  
I don't care what they think  
I'm aware and I'm okay  
As long as you're here with me

The world may fall apart  
Water may run dry  
But it will be alright

If I love you  
and you love me  
If I love you  
and you love me

They don't see what we see  
They don't feel what we feel  
I don't sleep  
I just dream  
I want to have you with me  
I will not give you up  
You surround me with love  
The world may fall apart  
Water may run dry  
But it will be alright

If I love you  
and you love me  
If I love you  
and you love me  
If I love you  
and you love me

Stay with me  
I'll be fine  
Give me courage to fight

If I love you  
and you love me  
If I love you  
and you love me  
If I love you  
and you love me

Spending time by your side  
Fills my life up with light
