I lived out more than a little,  
Give my insides out til there's nothing left to see.  
Stepped down, left in the middle of the mess you  
made,  
The mess I used to be.  
So give me love,  
Give me every little bit of your broken heart  
My heart skips a beat.  
So give me love, give me love, love, love  
My insides out, there's nothing left to see.

Now I needed to find, now I needed to find out on my  
own,  
I needed to find, now I needed to find out on my own!

From my head all the way to my feet,  
Strange is what I've become.  
Would you ask for a little more of me,  
Why can't I find it?

Empty, where my heart used to be!  
Now I'm looking in the mirror, I see this monster that is  
me!

... more than a little,  
Just to watch you bleed leave broken words behind,  
Give me love, give me love, love, love  
Insides out, til there's nothing left to see.

Now I needed to find, now I needed to find out on my  
own,  
I needed to find, now I needed to find out on my own!

From my head all the way to my feet,  
Strange what I've become!  
Would you ask for a little more of me,  
Why can't I find it?

Empty, where my heart used to be!  
Now I'm looking in the mirror, I see this monster that is  
me!

Now I needed to find, now I need to find out on my  
own,  
I needed to find, now I needed to find out on my own,  
Now I needed to find, now I need to find out on my  
own,  
Now I needed to find, now I needed to find out on my  
own!  
[On my own, on my own, on my own... ]

From my head all the way to my feet,  
Strange what I've become!  
Would you ask for a little more of me,  
Why can't I find it?

Empty, where my heart used to be! [Where my heart  
used to be]  
Now I'm looking in the mirror, I see this monster that is  
me!
