Wake up,/   
My love./   
Never thought you'd make me, break me./   
Now I'm up/   
From below./   
Such a brilliant star you are./   
And will your love keep burning, baby,/   
Burn a hole right through my eyes?/   
All the short times feel like no time./   
I thought you ought to know

I'm so far gone now,/   
I've been running on empty./   
I'm so far gone now,/   
Do you wanna take me on?/   
Do you wanna take me on?

Do/   
Do you/   
Do you know/   
Do you know how long I've waited/   
To look up/   
From below/   
Just to find someone like you/   
And will your love light burn me, baby,/   
Burn a hole right through my heart?/   
I think I might just trust you, maybe,/   
But I'm not sure./   
I'm not sure I'd wanna know./

I'm so far gone now,/   
I've been running on empty./   
I'm so far gone now,/   
Do you wanna take me on?/   
I'm so far gone now,/   
I've been running on empty./   
I'm so far gone now,/   
Do you wanna take me on?/   
Do you wanna take me on?/   
(Whoa, whoa, whoa, whoa)/

I think you could make me, girl,/

Could make me take my life./  
I know you could break me, girl./  
Take all of me, all of me, yeah!

Wake up./  
My love./  
Never thought you'd make me, break me./  
Now I'm up/  
From below./  
Such a brilliant star you are./

I'm so far gone now./  
I've been running on empty./  
I'm so far gone now./  
Do you wanna take me on?/  
I'm so far gone./  
I've been running on empty./  
I'm so far gone now./  
Do you wanna take me on?/  
Do you wanna take me on?  
(On, on, on)
