When the shirt came off it was all in time
When m-m-m-minute turned into a mile
And I broke that grin and I cut it out
And he got all turned by the taste of your sin.

When I mentioned blue all I thought was color
When you mentioned drugs all I thought was sober
When you pants came off and I turned you over
When you mentioned blue

Kill
Smile
Cut it out for me this time
Smile
I haven't seen her smile in a while
Keep the mask aligned
Get it up in time
There's a space between valleys
And try and catch a vibe
Make a circle square, a rectangle curve
Use a smile as a noun and I think like a verb
Run quick switch sides
Spill the filled up canister
And the room is shaking
Now you're changing places,
And I switched my pace,
And my breathing races
When you mention blue
Kill
Smile
Cut it out for me this time
Smile
I haven't seen her smile in a while
(X2)

Kill!
Smile!
Cut it out for me cut it cut it out this time!
(X2)
Kill
Smile
Cut it out for me this time

Smile
I haven't seen her smile in a while
(X2)

Get down and stay awake
Smile
