Time Kills, Go ask Jesus  
I'm done, makes no difference  
Stare straight, stare at the sun  
I'm done, makes no difference

Time takes us all  
So why am I not just living for today  
Time takes us, Time takes us all  
Will I die right now, I'm only seconds away  
Time takes us all.

Move on, Gone forever  
I'm done, makes no difference  
Poison time kills slowly you're done  
Makes no difference

Time takes us all  
So why am I not just living for today  
Time takes us, Time takes us all  
Will I die right now, you could be seconds away  
Time takes us all.

Time will now be  
Time will now be  
Time will now be  
(Time will now be) The chopping block  
Leave my head  
Time will now be the chopping block  
So leave my head  
Leave my head  
Leave my head  
Head

Time kills makes no difference  
I'm done  
Makes no difference  
Makes no difference

Time takes us all  
So why am I not just living for today  
Time takes us, Time takes us all  
Will I die right now, you could be seconds away

Time takes us  
Time takes us all.
