Well, I broke your heart very literally  
This ghost haunts me more than it should be  
I'm not gonna walk away, I'll turn my head in shame  
Never thought it could kill me

A clean slate  
One more day  
Further away

[Chorus]  
I want you  
You don't want me  
My mistake for wasting yours and mine  
I want you,  
But will you stay  
With me, today  
(With me, today)

(Chika chikah...)

Just let me make some time to take it back a little  
The way you smile strikes the heavens above me  
(Heavens above me)  
I'm never gonna let you go, I want you all the time  
I've gotta prove you can't trust me

A clean slate  
One more day  
Further away

I want you  
You don't want me  
My mistake for wastin' yours and mine  
I want you,  
But will you stay with me, today  
(With me, today, With me, today)  
I need you  
You don't need me  
When you are alone I am not okay  
I want you,  
But will you stay with me today  
(With me, today)

(With me, today)  
(With me, today)  
(With me, today)

[Bridge]

A clean slate  
One more day  
Further away  
(Yeah! )

I want you  
You don't want me  
My mistake for wastin' yours and mine  
I want you, but will you stay  
With me, today  
(With me, today)

I need you,  
'Cause you need me  
When you are alone, I am not okay  
I want you, but will you stay  
With me, today  
With me, today  
With me, today  
With me, today

(Chika chikah...)
