That's right
I just want you so much
Can I have you baby?
Do you have it baby?

Cravin' your body all through the night
Feels like I'm goin' through withdraws
I wanna hold you
I want you inside of these arms
I'm dyin' to taste you, I can't deny
Can't get it out of my mind
Please let me hold you
'Cause I need your lovin' tonight

Whenever I'm near you
My love just comes down, just comes down
Whenever I see you
I just want you around
'Cause I wanna feel you
All through the day and the night
Whenever I'm near you
It feels like bedtime

Constantly thinkin' of things to do
Places where we can make love
'Cause I wanna freak you
I'll freak you wherever you want
Placing my kisses all over you
Caressing you so nice and slow
Oh how, I want you
Girl there's somethin' I want you to know
Whenever I'm near you
My love just comes down, just comes down
Whenever I see you
I just want you around
'Cause I wanna feel you
All through the day and the night
Whenever I'm near you
It feels like bedtime

Do you get lonely thinkin' about me
Am I the only

Are you lettin' me outta your mind for me
Say you can't go a day without me

Whenever I'm near you
My love just comes down, just comes down
Whenever I see you
I just want you around
'Cause I wanna feel you
All through the day and the night
Whenever I'm near you
It feels like bedtime

Whenever I'm near you
My love just comes down, just comes down
Whenever I see you
I just want you around
'Cause I wanna feel you
All through the day and the night
Whenever I'm near you
It feels like bedtime
It feels like bedtime
