Break, break down, steady breakin' me on down
Break, break down, steady breakin' me on down
Break, break down, steady breakin' me on down
Break, break down, steady breakin' me on down

You called yesterday to basically say
That you care for me but that you're just not in love
Immediately I pretended to be feeling similarly
And led you to believe I was O.K.
To just walk away from the one thing
That's unyielding and sacred to me

[Chorus:]

Well I guess I'm trying to be nonchalant about it
And I'm going to extremes to prove I'm fine without you
But in reality I'm slowly losing my my mind
Underneath the guise of a smile gradually I'm dying
inside
Friends ask me how I feel and I lie convincingly
'Cause I don't want to reveal the fact that I'm suffering
So I wear my disguise 'til I go home at night
And turn down all the lights and then break down and
cry

So what do you do when somebody you're devoted to
Suddenly just stops loving you and it seems they
haven't got a clue
Of the pain that rejection is putting you through
Do you cling to your pride and sing
