[Chorus:]

Ooh girl lets get away
Let's try emotion, slow down the pace
I'm tryin to butta you up, butta you up
We can read each other's minds
Take it easy slow and wind
I'm tryin to butta you up, butta you up

[Usher:]

(No) No friends, (no) no phone calls
(No) No company tonight
I wanna concentrate on you
Its what i've been waiting to do
If thats alright
I got the bath and the body works
Just tell me where it hurts
You work so hard, girl, you deserve better when you
come home
You hear the slow song, you know whats goin on
I'm tryin to set it off, baby

[Chorus]

[Ne-Yo:]

I've got (no) no shows, (no) no concerts
(No) No interviews tonight
My only interview is with you (you, you, you,)
If thats alright (yeah)
Don't move your lips
Let your hips do the talking,
While my fingers do the walking
Exploring every inch of your body
I know how to get this thing started
(Sooo) Take my hand, follow me
Let me guide you where you wanna be, ecstasy
Its three heartbeats away, listen...
Sooooo

[Chorus]

Butta you up, butta you up, butta you up, butta you up,
butta you up, butta you up, butta you up, butta you up,

butta you up, butta you up, butta you up, butta you up,
butta you up,
