Every time I look at you
There's so many things that I wanna do
I promise you when I'm ready
That I'll spend my life with you

What is love? Is it steady?
'Cause I don't know what to do
So tell me, girl, are you ready?
To do what we came to do

One day we can be together
'Cause you know that I wanna be down, baby
But right now we can all forget it
You know I got to get around

'Cause I don't have much money
I can't buy a diamond ring
I ain't tryin' to be funny
It's only a sexual thing

Can U get wit it? It's like that
It's only a sexual thing
Can U get wit it? It's like that
You're gonna love the joy I bring

Can U get wit it? It's like that
It's only a sexual thing
Can U get wit it? It's like that
You're gonna love the joy I bring

Please, forgive me
'Cause I don't ever wanna rush you
I might sound a little hasty
But let's do what we came to do

Now, you know my time is really precious
And you wasted a lot of mine
I'm gonna have to keep on movin'
If you can't make up your mind, yeah

One day we can be together
'Cause you know that I wanna be down

But right now we can all forget it
'Cause you know I got to get around

'Cause I don't have much money
I can't buy a diamond ring
I ain't tryin' to be funny
It's only a sexual thing

Can U get wit it? It's like that
It's only a sexual thing
Can U get wit it? It's like that
You're gonna love the joy I bring
