Every time I look at U There's so many things that I
wanna do I promise U when I'm ready I'm gonna spend
my whole life with U

What is love is it steady Cause I don't know what to do
So tell me girl if your ready To do what we came to do
One day we could be together Cause U know that I
wanna be down, baby But right now we can all forget it
U know I gots to get around

I don't have much money, I can't buy a diamond ring
I'm not tryin' to be funny, but it's only a sexual thing

Chorus:

Can U get wit it It's like that It's only a sexual thing Can
U get wit it It's like that Your gonna love the joy I bring
Please forgive me cause I don't ever wanna rush U I
might sound a little hasty But let's do what we came to
do

U know that time is really precious And U wasted a lot
of mine I'm gonna have 2 keep on movin' If you can't
make up your mind

One day we could be together Cause U know that I
wanna be down But right now we can all forget it Cause
U know I gots to get around

Chorus (to fade)
