Yo, shit  
I'm sick of this man  
I can't even take no more  
Cause I hate the fact that I love you so much  
And you don't even understand  
What this is doin' to me  
Everytime I try to get away  
I just can't let you go, you know what I'm sayin?  
I just can't let you go

*[Usher]*

I never ever wanna hurt you  
I just wanna love ya  
I just wanna sex ya  
I wanna give you everything you need  
That you want, just lay down  
Let me love ya all night long  
I wanna live, I just wanna keep ya  
When they saw me, they saw you  
In the world is just me and my girl  
Is how feel ya, and the time party was right  
DJ can play

We use to love and  
Party now all we do is argue  
I tell myself  
I don't want you no more but  
I can't let you go

So much love and hurt  
And hate, people screamin  
It won't work, time and time I say  
I'm gonna leave but  
I can't let you go

*[DJ]*

This ain't funny man, you know what man  
You ain't even got to wait in the mornin' man  
You can get ahead in the night man  
Ayyo clear, go rap, go shit, get out of here

*[Usher]*

Better day you gotta like me  
But took now gonna fight me  
You can walk away and say  
I never gave everything you want, that you need  
Now we have do is all you all night long  
I don't wanna lay you, see you  
With another brother lovin you sayin  
Down the world it's me and my girl  
That's how we feel, we you think everything, it's real  
But it really...

We use to love and  
Party now all we do is argue  
I tell myself  
I don't want you no more but  
I can't let you go

So much love and hurt  
And hate, people screamin  
It won't work, time and time I say  
I'm gonna leave but  
I can't let you go

We use to love and  
Party now all we do is argue  
I tell myself  
I don't want you no more but  
I can't let you go

So much love and hurt  
And hate, people screamin  
It won't work, time and time I say  
I'm gonna leave but  
I can't let you go

*[JD]*

Got me walkin around ready to snatch  
Got me in around lookin for somebody to slap  
Got me goin goin with no poor  
Got me walkin carry eight a day just call  
Got me walkin by lil stuff, chin call lil stuff  
Gettin lil rough, the kiss make up  
She wanna say what she wanna, play down  
She wanna constantly bring up shit, way back  
I get to get about one watchin the flip  
Got me keep me to traffic try to get home quick  
Got me talkin to myself and I hatin this  
Got me wonder why lie like I'm JD kiss  
Got me in the place I never thought I was see  
Got me now wanna stay, now wanna leave

Got me happy, got me confused  
Got me wishin I can givin like we used to

We use to love and  
Party now all we do is argue  
I tell myself  
I don't want you no more but  
I can't let you go

So much love and hurt  
And hate, people screamin  
It won't work, time and time I say  
I'm gonna leave but  
I can't let you go
