I got your Christmas card
And you know, it warms my heart
Just to think of all the cheer
We could share, if you were here

I made my Christmas list
That I'll give to my boy, St. Nick
And I hope he hooks, hooks me up
'Cause, I plan a special Christmas for us

I was hoping that you might be coming for Christmas
I was hoping that surely by New Year's Eve
I was hoping that you might be coming
And I hope that you're bringing something for me

Now we'll chill Christmas Eve
I can't wait for my moms to leave
We'll snuggle, I'll turn down the lights
And give our gifts, if the timing is right

I was hoping that you might be coming for Christmas
I was hoping that surely by New Year's Eve
I was hoping that you might be coming
And I hope that you're bringing something for me

For now, I will and I hope that Santa won't be late
'Cause, I don't want no presents
See, I'm too old for toys, I just want my baby
She's my one and only truly one and only she's my only

I was hoping that you might be coming for Christmas
I was hoping that surely by New Year's Eve
I was hoping that you might be coming
And I hope that you're bringing something for me
