I got your Christmas card
And you know, it warms my heart
Just to think of all the cheer
We could share if you were here

I made my Christmas list
That I'll give to my boy St. Nick
And I hope he hooks, hooks me up
Cause I plan a special Christmas for us

I was hoping that you might be coming for Christmas
I was hoping that surly by New Year's eve
I was hoping that you might be coming
And I hope that your bringing something for me

Now we'll chill, Christmas eve
I can't wait for my moms to leave
We'll snuggle, I'll turn down the lights
And give our gifts if the timing is right

I was hoping that you might be coming for Christmas
I was hoping that surly by New Year's eve
I was hoping that you might be coming
And I hope that your bringing something for me

For know I will and I hope that Santa won't be late
'Cause I don't want no presents
See, I'm too old for toys, I just want my baby
She's my one and only truly one and only she's my only

I was hoping that you might be coming for Christmas
I was hoping that surly by New Year's eve
I was hoping that you might be coming
And I hope that your bringing something for me
