I got your Christmas card And you know It warms my heart  
Just to think of all the cheer We could share if you were here  
I made my Christmas list That i'll give To my boy St.Nick  
And I hope he hooks, hooks me up Cause I plan a special Christmas for us  
I was hoping that you might be Comming for Christmas  
I was hoping that surly by New Years eve I was hoping that you might be comming  
And I hope that your bringing something for me  
Now we'll chill Christmas eve I cant wait For my moms to leave  
We'll snuggle, i'll turn down the lights And give our gifts if the timing is right  
I was hoping that you might be Comming for Christmas  
I was hoping that surly by New Years eve I was hoping that you might be comming  
And I hope that your bringing something for me  
For know I will And I hope that Santa wont be late Cause I dont want no presents  
See im too old for toys I just want my baby She's my one and only truly one and only she's my only  
I was hoping that you might be Comming for Christmas  
I was hoping that surly by New Years eve I was hoping that you might be comming  
And I hope that your bringing something for me
