Leave this trick for boos who who won' stay true  
Purple afro puffs thats me, rockin ya TV  
Phoenix is on top, your girl's not

[Verse]

Girl there you go  
acting like I'm the only one who messed up  
What I was told by my kin was that you wuz with Mike  
I don't understand, why you are treating me like you do  
I think its best if we both go our seperate ways &  
groove

[Bridge]

I can't be here  
(Knowin you gon diss)  
I don't feel  
(Like you were true to this)  
So just leave with a kiss  
You cheat  
(According to my peeps)  
You sneak  
(Just like you were me)  
Don't eva eva try me like that again!

[Chorus]

I confessed everything with everyone  
Including you my babe  
But what you didn't know

Is that I got my sources  
Why? (You try to play me like a fool)  
And why? (You try to take me for abuse)  
I Don't (Need Any Excuses)  
Just tell me, tell me  
What are your confessions?

[Verse]

I know I didn't try to think of you  
You thought you had it all  
Money, man, drinks, & all  
I didn't know, what drove you to do me like that  
But baby you hurt my pride  
When you lied, said you were always by my side  
Oh!

[Chorus]

[Puff Phoenix]

Boo, you were a good man  
My sexy leadin man but  
I had to sneak to fulfill me  
To you, I'm a notch & a half on your garder belt
