Don't take it personal

It takes a few minutes to let you stop
Now I remember you
Don't take it personal

Hey!
Hey!

Hi, hello, your raising smile says that we met before
Hi, I know, I know your face but I can't concentrate
Please baby wait
I know it seems like I am a player
I know it must be killing you
Cause you are one in a million
It's my fault

So come with me to let's go to fantasy
You know I'm not just feeling you
Girl let's get back familiar

It takes a few minutes to let you stop
Now I remember you
Don't take it personal

Hey!
Hey!

It takes a few minutes to let you stop
Now I remember you
Don't take it personal

Hey!

Honestly, ... friends ...
There is no cost for it
Know what you mean
...
You could've had fall for it

I know it seems like I am a player
I know it must be killing you

Cause you are one in a million - it's my fault

So come with me to let's go to fantasy
You know I'm not just feeling you
Girl let's get back familiar

It takes a few minutes to let you stop
Now I remember you
Don't take it personal

Hey!
Hey!

It takes a few minutes to let you stop
Now I remember you
Don't take it personal
