[VRS1:]

Ooh, I love the way you dirty type
I can take you home on escape
Ooh, I need your backspace in my life
Thank God you don't have a flat screen

[VAMP:]

Please, baby I got to see you
And I really wanna please you
So get on my laptop so I can download

[HOOK:]

Online, I love the way you log on
We can do it all night
I'll make you dot com

Baby, if you sign on
I'll make you lights off
Ooh, Baby, if you log on
I'll make you dot com

[VRS2:]

I wanted to link up with you, baby at first sight
With you I get to use my f keys
I can't wait to give you mega bytes
I got all the memory you'll need
Let my fingers do the talking

[VAMP:]

Please, baby I got to see you
And I really wanna please you
So get on my laptop so I can download

[HOOK:]

Online, I love the way you log on

We can do it all night
I'll make you dot com

Baby, if you sign on
I'll make you lights off
Ooh, Baby, if you log on

Iâ€™ll make you dot com

[BRIDGE:]

Ooh, baby you want this I know
I canâ€™t wait to give you my hard drive
My moonlight
If itâ€™s alright, baby

Iâ€™m always at your window
Ready to shift and control you
If you want me to
Say yes, baby
Say yes, baby
Say yes, baby
Say yes, baby
Got to say, ooh

Say yes, baby
Say yes, baby
You got to say yes,
Yes

[VAMP:]

Please, baby I got to see you
And I really wanna please you
So get on me baby, get up on me, oh

[HOOK:]

Online, I love the way you log on
We can do it all night
Iâ€™ll make you dot com

Baby, if you sign on
Iâ€™ma make you lights off
Ooh, Baby, if you log on
Iâ€™ll make you dot com
