Re-introduction to a feeling I don't wanna know (wanna know, wanna know)
Yeah I been running but it caught me somehow
The rule was never fall in love, I did it anyway (anyway, anyway)
You made my heart beat keep pumping
Why it ain't turn it up so loud

Cause if I don't feel the water
And the night don't feel the thief
It's just you and me together
Here we are, we are, we are, we are

Here we are, we are, we found euphoria!

[Beat break]

Here we are, we are, we are, we are
And you're going from inside
Like the goddess in your eyes
And I see it for the first time
Here we are, we are, we found euphoria!

I already know the way and thought I could get in and out
She said, "Relax, you gon' be here for a while"
But I through caution to the wind and did it anyway
And the truth is I'm learning to loving
And I ain't gonna turn it down

If I don't feel the water
And the night don't feel the thief
Once the music sets you over
Here we are, we are, we are, we are

Here we are, we are, we are
And you're going from inside
Like the goddess in your eyes
And I see it for the first time
Here we are, we are, we found euphoria!

[Beat break]

Here we are, we are, we are
Here we are, we are, we found euphoria!

[Beat break]

And you're going from inside
Like the goddess in your eyes
And I see it for the first time
Here we are, we are, we found euphoria!
