I know I vowed to never do this again but
I guess this seems to be the only thing I'm good at

Got something that u need to kno
Be the relist shit I never wrote
Can't hold it gotta let it go
Though that I mean every note
Yea yea
Listen babe

Let me start by saying that
The way I feel for u is never once changed
And the games I've played, mistakes I made
Leave me sorrier than you'll ever know
We got problem baby I can't lie
Cuz lately I realize that I
Never knew that we was on the same (playing field)
Knew that we were wrong but we (let it build)
And I know u never knew when u say I do
That u would have to face all the (pain u feel)

And it's killin me girl that u have to live with this
Live with the lies I tell
Live with the pain u feel
Knowing the man u love is fooling around
Oh baby said it's killin me girl
Said I just don't understand
Why u wanna be with this kind of man oh ho
Why would u love a fool with all the things I do
I know it's hard for you
Hard for you to live with this

Trade memories for moments
Trade love to be lonely
Guess it's just the man in me
Blame it on celebrity
When the night time feel like the right time
And then spotlight feel like the bright light
But it's really just my fears
And it still don't dry your tears
When I, say she aint you
When I, really love you more

When you, say if it's true
Why'd you do it for?
And I, I really don't have no excuse
I break you heart, make you cry
I just wanna say goodbye

It's killin me girl that u have to live with this
Live with the lies I tell
Live with the pain u feel
Knowing the man u love is fooling around
Oh baby said it's killin me girl
Said I just don't understand
Why u wanna be with this kind of man oh ho
Why would u love a fool with all the things I do
I know it's hard for you
Hard for you to live with this

What a feel I don't even got it right
It's like poisons in my body & there's no way yo deny
That my heart is a time bomb
With seconds left to explode
But I gotta let u kno before it blows
Still it aint on u
It's my fault
All the gossip n talkin behind your back when u walkin
But in time you will konw
Before long u'll see that u deserve more
U deserve more
U deserve so much more
Then what imma be

And it's killin me girl that u have to live with these
Live with the lies I tell
Live with the pain u feel
Knowing the man u love is fooling around
Oh baby said it's killin me girl
Said I just don't understand
Why u wanna be with this kind of man oh ho
Why would u love a fool with all the things I do
I know it's hard for you
Hard for you to live with this
