(Intro)

Yeah man!
Ursher baby!
Yeah!

It's so crowded up in here, what you doin' all alone?
And it's so dark in here plus you aint even got your
phone
What kinda man would ever wanna leave your side?
Shame on him, you coming home with me tonight,
babe

(Chours)

Go missin'
Baby aint nobody gotta know
Go missin'
I'm just telling you you shouldn't go
Don't listen
Imma take good care of you for sure
Turn around
You can follow me right out that back door
Go missin' (Oh!)
Go missin' (Go missin' baby)
Go missin'
Baby we can keep it on the low
Go missin' (Yeah)
Go missin' (missin')

Reckless abandon, go ahead and call all your girls
They probably got somebody taking care of them
Girl to each his own,
I promise if you come with me I'll let you get home in
the morning
Make up your mind girl what's it gonna be?
Keep in mind we gotta leave 'fore they turn the lights
on
I'm gon' grab my keys, don't you over...
Just leave with you I bet they probably be long gone

(Chorus)

Go missin'
Baby aint nobody gotta know
Go missin'
I'm just telling you you shouldn't go
Don't listen
Imma take good care of you for sure
Turn around
You can follow me right out that back door
Go missin' (Oh!)
Go missin' (Go missin' baby)
Go missin'
Baby we can keep it on the low
Go missin' (Yeah)
Go missin' (missin')

Come with me shawty, forget about him
Call me big daddy til' the morning
Just do yourself a favor tonight
Cause a chance like this only happen once in a lifetime

Come with me shawty, do you wanna get in?
You and me shawty, Imma take you outta here
So do yourself a favor tonight
Oh, girl let's go missin'

(Chorus)

Go missin'
Baby aint nobody gotta know
Go missin'
I'm just telling you you shouldn't go
Don't listen
Imma take good care of you for sure
Turn around
You can follow me right out that back door
Go missin' (Oh!)
Go missin' (Go missin' baby)
Go missin'
Baby we can keep it on the low
Go missin' (Yeah)
Go missin' (missin')
