Visit "[Help Me](#)" on MotoLyrics.com

Living on the edge out of control
And the world just won't let me slow down
But in my biggest picture
was a photo of you and me
Girl you know I tried
I work hard to provide all of the material things
that I thought would make you happy
I'm confused can you make me understand
'Cause I tried to give you the best of me
I thought we were cool maybe I was blind
But never took time to see

[Chorus]

Will you help me
Tell me what you want from me
Can you help me
Tell me why you wanna leave
Baby help me
Without you my whole world is fallin' apart
And I'm goin' crazy
Life's a prison
When you're in love alone (ooh girl I love you)
I need you to come back home (you know I need you)
I don't want to be alone

Girl I put your love up on a shelf
And I guess I just left it to die
Now we're not together
'Cause I hurt you too many times
Now you're not around
I wish for every moment of time that got wasted
We used it to make sweet love
Baby be my guide please take my hand
I want you to know that I got ya if you need it
Don't want to be on the outside lookin' in
I gotta have you girl, can't you see

Will you help me
Tell me what you want from me
Can you help me
Tell me why you wanna leave
Baby help me

'Cause without you my whole world is fallin' apart
And without you I think I'll go crazy
Life's a prison
When you're in love alone (ooh girl I love you)
I need you to come back home (you know I need you)
I don't want to be alone (baby would you please listen
to me...)

(Please stay, don't go, I don't want to be alone)
Give me another chance, I want to be your man
Girl you got me down here on my knees
Cryin', beggin' pleading
I'll do anything
For your love
Whoa ohhhh ohhhh

Would you help me (Whoaa ohhhh help me)
Tell me what you want from me
Can you help me (I don't understand, girl what you did
to me, help me)
Tell me why you wanna leave
Baby help me
Without you my whole world is fallin' apart
And without you, girl I'm going crazy
Love's a prison without your love

[Can you help me] Tell me why why why why why why
[Can you help me] Girl I'll never stop cause you're all I
got
[Can you help me] Help me understand why I can't be
your man
It's drivin' me crazy (crazy crazy crazy)
(Oh baby, oh oh-oh)

Ooh girl I love ya (Said I love you)
You know I need ya (Ooh I need you)
Can't live without ya (I cant go one day without ya)

Oh girl I love ya
You know I need ya
Can't live without you

-Repeat till fade-
