I'm saying I care  
But it's like you don't hear me  
What more could I do

Girl, u can keep that  
Try to make me jealous  
I admit that I've been careless  
But we can't take back what's done  
I know why you did that  
You're frustrated coz I don't react  
Baby, you want some feedback  
Coz normally my feelings don't show

But baby, I care for you  
By now you should know that I care for you  
You say my actions never show it  
But I wear my heart on my sleeve  
But what you get's what you see  
The truth is, girl, underneath  
Gotta believe that I care for you  
Baby, I care for you  
I - I - I - I care, I - I - I - I care for you

Ever day I try to prove myself to you  
But what's the point  
No such thing is satisfying you  
Maybe, you'll appreciate it later  
By the time I'm gone  
Better get your act together  
Don't wait too long  
Don't wanna change what we have to what we had  
Girl, I need you to know that...

[CHORUS]

Gotta believe it  
Gotta believe it  
I care  
Gotta believe it  
Gotta believe it  
Gotta believe it  
I care baby

I care, I care, I care, I care  
Ooh, you should know me better by now  
I care, I care, I care, you know I care  
I really do

[CHORUS]

Now listen, hear me  
I care, I care, I care for you... oh
