Tomorrow's not promise, come here now,
You better take advantage of it
Don't wanna miss one of your blessings now
Talking about how good you should be.
I'm sitting right in front of you,
Don't be shy, girl, I won't bite you now.
Talking about you work on the weekends now
Let me work you out on a week day
I ain't talking about a relationship
Talking about a love in a hallway
I'll show you what you're supposed to do
Don't be shy, girl, what you're waiting on?
(Chorus)

I present to you my perfect situation
Ain't no need anticipating on
Take that, take that,
Take that, take that.
(Verse)

Listen, let's take a shortcut to my hotel now,
If you're ready, we can meet in the ballet.
You gotta follow all my directions now,
Don't wanna mess around and be lonely.
Won't be the one to push em out
Girl, you need to push this love up in your life.
It gets hot in the parking lot,
You wanna have to open the windows
Hop in the back seat till I hit that spot,
Got your legs around my neck in a chokehold.
Show you what you're supposed to do,
Don't be shy, girl, what you're waiting on?
(Chorus)

I present to you my perfect situation
Ain't no need anticipating on
Take that, take that,
Take that, take that.
What you're waiting on?
I present to you my perfect situation
Ain't no need anticipating on
Take that, take that,
Take that, take that.
(Bridge)

Patience is a virtue,
Why can't we just skip to it?
I ain't gonna rush you, babe,
Totally lost with you, girl, enough is enough.
They say good things come to those who go hard and
take 'em
But no really I ain't faced, I am here to play no game
(Chorus)
I need to know what you're waiting on
I present to you my perfect situation
Ain't no need anticipating on
Take that, take that,
Take that, take that.
