Do you know, what I think about all these night.  
When I can't sleep, sleep at all.  
Oh slowly, I close my eyes.  
My thoughts they fly away to you no matter what I do.  
And I wish, I could turn back time,  
back to the time when you were mine.  
I wish, I wish the day, the day you went away,  
never happened a-baby  
I wish the stars, the stars in the heaven would come  
down to me,  
so I could give them to you and tell me then would you  
be loving  
me, like i wish  
And it's so hard, when you love someone this much,  
but you just dont know how, how to love him the right  
way  
If you could see, what you've done to me,  
what you've done to my heart, what you've done to my  
soul baby  
all of my mind and all of my body, then you should  
have known  
why i can't let it go and baby I,  
I wish the day, the day you went away never happened  
a-baby,  
I wish the stars, the stars in the heaven, would come  
down to me  
so i could give them to u, and tell me then would you  
be, loving me  
like i wish  
I dont know what you want me to do,  
to prove me love is a-real for a-you,  
I dont know what you want me to say baby,  
there is no ifs or maybes,  
all i want is you, cuz baby you are my only wish  
oooooooooooo my only wish
