Oh, no, no, no
No, no, no, oh baby

Baby, I'll make it right
Baby, you know that I can make it right
(No, no, yeah, yeah)
I'll make it right
Baby, you know that I can make it right
(Whoa, yeah)
I'll make it right

Keep it on a cutie girl
'Cause I'm really into you, yeah
And tell me is there a way
That I can spend some time with you

So much I wanna know about you
Seems like I can't do without you
You really turn me on
You got it goin' on

Anything you ask I'll do for you
(So baby don't you see, you mean the world to me)
(I'll make it right)
Just one thing I have to know
(Baby, can I make it right?)
(I'll make it right)

Baby, you know that I can make it right
(Yeah, baby)
I'll make it right
Baby, you know that I can make it right
(I'll)
I'll make it right

As I'm looking into your eyes
All I see is you lovely face
And there's nothin' I like more
Than to show you I adore

The simple things that you do to me
With the sweet little things you say

Baby, when I kiss your lips
It really brightens up my day

Anything you ask I'll do for you
(So baby don't you see, you mean the world to me)
Just one thing I have to know
(Baby can I make it right? Oh)

Baby, you know that I can make it right
(I can make it right, oh, no, no)
I'll make it right
Baby, you know that I can make it right
I'll make it right
(Yeah)

Yeah, come on
Come on
Yeah, come on
Yeah, come on

So baby, don't you see you mean the world to me
If you just swing my way
(I'll make it right)
So tell me where do we go from here? Oh, yeah
(I'll make it right)

There's nowhere that we can go
But take it nice and slow, baby, enjoy the flow
Lots of pleasures I can give, I've got it waitin' here
So put away your fears, ohh

Baby, you know that I can make it right
I'll make it right
Baby, you know that I can make it right
(I can make it right)
I'll make it right

So much I wanna know about you
Seems like I can't do without you
So much I wanna know about you
Seems like I can't do without you
(I'll make it right)

So much I wanna know about you
Seems like I can't do without you
So much I wanna know about you
Seems like I can't do without you
