turn the light on! how could someone hurt you but still make you feel so good? how the screamingâ€! you stand there and let them good just cause he gives you pain, that don't mean he ain't the one! fuck you at your brain, you'll be smiling when he's done

pre-chorus: so my advice would be no, don't leave, don't go so easy! let the argue… turn you on! it's worthy!

chorus:

and these are the lessons learned by love these are the reasons we make love there's no exception, one day we gotta look each other in the eye you learn all these lessons when you're in love lesson for the lover. for lover! lesson for the love, oh lover!

so hard to imagine living life without them there cause now you're so cut out in the passion but this shit is beyond compare, yeah! cause… make your heart beat, beat, beat like a drug you fought hard, but think about how hard you come

pre-chorus: so my advice would be no, don't leave, don't go so easy! let the argue… turn you on! it's worthy!

chorus: and these are the lessons learned by love these are the reasons we make love there's no exception, one day we gotta look each other in the eye

you learn all these lessons when you're in love lesson for the lover, for lover! (turn the lights on! ) lesson for the love, oh lover!

no one wants to be fighting all day, love, all night, love so we just scream to wish… making up yeah, and as time goes on we're feeling ok, babe, alright, love and we'll forget about it in the morning, oh, oh!

chorus:

and these are the lessons learned by love these are the reasons we make love there's no exception, one day we gotta look each other in the eye you learn all these lessons when you're in love lesson for the lover, for lover! (turn the lights on! ) lesson for the love, oh lover!
