Just tell me where to go and I'll take off my clothes for  
you (yeah)  
(You know we had to do it again right?)  
You're in total control and you're running the show  
I'll do whatever you tell me baby

Baby I can come by and pick you up  
We'll make love into the night, it's never enough  
Oh babe I know what you like  
And I would make love to you forever and ever  
Into the night (forever and ever we'll make love into the  
night)

Your wish is my command so I'll cancel my plans  
tonight (yeah)  
(Oh baby yeah)  
I'll make you understand that I'm the only one who can  
handle your body right  
And I'ma show you tonight (ooh wee baby I'm coming)

Baby I can come by and pick you up  
We'll make love into the night, it's never enough  
Oh babe I know what you like  
And I would make love to you forever and ever  
Into the night (forever and ever we'll make love into the  
night)

If you ever wanna know (if you ever wanna know)  
Who I love (who I love)

That's you (that's you), that's you (that's you)  
It's you (it's you), yes you (yes you)  
Oh and I ain't never leaving baby you gotta believe me  
You're the one I love ain't gotta ask who I love  
Cuhz that's you (that's you), that's you (that's you)  
Yes you (yes you), yeah you

Baby I can come by and pick you up  
We'll make love into the night, it's never enough  
Oh babe I know what you like  
And I would make love to you forever and ever  
Into the night (forever and ever we'll make love into the

night)

(Ay jill)

You gonna wanna tell everybody  
Bout how I got you all coming when I call  
You know I break you off  
And if these walls could talk they would tell everybody  
Bout how I put it down  
You know I shut you down  
Got you up off the ground, yes I can't be wasted  
And if I let you on my spaceship  
You'll have to let me taste it  
Hop on it I'ma give you a ride  
Cos we gonna make love all through the night
