Theres 1 side, theres the other
And then there's the truth

Feel my heart beat
Yeah close your eyes
This what you want
Im gon take you where I can give it to u

Ay Look what you made me do babe
Said you know me
Said you want all of me
Then you got that other side
You got some nerve babe
You think ur so bad
Ur so serious, im just having fun
Don't u, don't u tell me
Tell me that things get to you
Without all that attitude
Feel like you might be the one tonight babe
You got me so excited baby

Chorus
Girl if youre lonely and youre longing for a lover
You know ill be, ill be here all night
Im right above you, you don't have to look no further
You know ill be, ill be here all night

Im back celebrating time
(tell me how deep u want me to go)
Im back celebrate life
(im gonna be your best)

Ill be the pleasure pain lover you like

What you made me do, look at what you made me do
Look at what you made me do, look at what you
brought me to
