Usher:

There's always that one person
That will always have your heart
You never see it coming cause
You're blinded from the start
Know that you're that one for me,
It's clear for everyone to see
Ooh baby, you will always be my boo

Jermaine Depri

I don't know about y'all
But I know about us and uhh
It's the only way we know how to rock (repeat)

Usher Verse

Do you remember girl, who was
The one who gave you your first kiss
Cause I remember girl who was the one
Who said put your lips like this
Even before all the fame and people screaming your
name
Girl I was there and you were my baby

Chorus 1: Usher

It started when we were younger and you were mine
(my boo)
Now another brothers' taken over but its'
Still in your eyes (my boo)
Even though we use to argue it's alright
(It's alright girl, that's okay)
And if we haven't seen each other in a while,
But you will always be my boo

Chorus 2: Beyonce

I loved you when we were younger you were mine
And when I see from time to time I still feel like,
And if I see you no matter how I try to hide
And even though there's another man who's in my life,
you will always be my boo

Beyonce Verse

Yes I remember boy, cause after we

Kissed I could only think about your lips
Yes I remember boy,
That you were the one I wanted to spend my life with
Even before all the fame and people screaming your
name
Boy I was there and you were my baby

Chorus 1: Usher

It started when we were younger and you were mine
(my boo)
