### Verse 1

Me and my baby had the worst kinda fight  
A lotta dirt slung up when she hung up  
I could tell somethin' in her voice wasn't right  
Booked a red-eye at last minute, 4am and she ain't  
home  
Start dialin' up her digits, she ain't answerin' the phone  
See headlights in my blinds, I'm losin' my mind  
6:45 in the mornin', what's goin' on  
Don't come up in here lyin'  
She said, "Sit down, now baby, we need to talk"  
She told me there was somebody else  
And I had it coming

### Pre-Chorus

It was that room in Cancun  
That stack of chips in Vegas  
That college dorm in Georgia  
That'll forever remain nameless  
I know I got no right to judge you but it really hurts  
And knowin' I deserve it makes it worst

### Hook

Can't count the times I did you wrong on one hand  
Can't count the times I made you cry on one hand  
I know I told one too many lies  
Never thought it'd turn around on me  
Let's call it even and I won't up and leave  
I can count the times you did me wrong on one hand  
I can count the times you made me cry on one hand  
Every man you ever gave your love on one hand  
Oh no, on one hand (On one hand)

### Verse 2

Breathin' heavy, heartbeat thumpin' so fast  
I gotta know right now, put it all out on the table  
Brace myself before I ask  
I'ma need places, names, and numbers

Scratch that- tell me where he stay  
For the po man said be careful where you lay  
Man, I thought you let him go  
You best let me know  
How many days, how many ways did he hit that  
Did he make my queen his hoe?  
She said "What's done is done"  
Couldn't think of nothing bad enough to call her?

Guess I had it coming

Pre- Chorus

Oh, it was that room in Cancun  
That stack of chips in Vegas  
That college dorm in Georgia  
That will forever remain nameless  
I know I got no right to judge you but it really hurts  
And knowin' I deserve it makes it worst

Hook

Can't count the times I did you wrong on one hand  
Can't count the times I made you cry on one hand  
I know I told one too many lies  
Never thought it'd turn around on me  
Let's call it even and I won't up and leave  
I can count the times you did me wrong on one hand  
I can count the times you made me cry on one hand  
Every man you ever gave your love on one hand  
Oh no, on one hand (On one hand)

Bridge

Don't know what to do  
Try to forgive and forget  
But if I do, I know I look like a fool  
I did my dirt, and I made you hurt  
How the hell you turn it around and switch on me  
(Switch it on me)  
Go with the first in mind, and kick it  
I can't guarantee it won't happen again  
I can't let it go, but if I do  
For this day forward, we gotta promise to keep it on  
No, baby

Hook

Can't count the times I did you wrong on one hand  
Can't count the times I made you cry on one hand  
I know I told one too many lies

Never thought it'd turn around on me  
Let's call it even and I won't up and leave  
I can count the times you did me wrong on one hand  
I can count the times you made me cry on one hand  
Every man you ever gave your love on one hand  
Oh no, on one hand (On one hand)
