The room is hot as hell  
I hope that dress don't veil right over your body baby  
Look so good you're very well  
Ooh what's underneath, girl I can tell (it's hard to hide it  
baby)

(Bridge)  
Come on! ooh, girl come here  
There's no need to be afraid of what you feel

(Chorus)  
Ooh shawty, good God almighty now what we got here  
(touchin all over)  
I like the way you feel  
Ooh shawty don't hurt nobody with what we got here  
(ooh baby come closer)  
Cuz I like the way you feel

The way her body moves  
My Lord, (oh) I've never seen before (it's so erotic)  
She put me up on somethin new and then  
She said "boy let me do what I do"

Baby come on! ooh baby come here (baby come here)  
There's no need to be afraid of what you feel

(Chorus)

Ooh shawty, good God almighty now what we got here  
(touchin all over)  
I like the way you feel  
Ooh shawty don't hurt nobody with what we got here  
(ooh baby come closer)  
Cuz I like the way you feel

When I see you doin what you do  
Your body's invitin me tellin me to  
Move you close and whisper in your ear  
Ooh keep it right there, don't you go nowhere

(Chorus)  
Ooh shawty, good God almighty now what we got here

(got here, touchin all over)  
I like the way you feel (I like it I like it)  
Ooh shawty (oh) don't hurt nobody with what we got  
here (baby come closer)  
Cuz I like the way you feel (Ooh shawty)

Ooh shawty, good God almighty now what we got here  
(touchin all over)  
I like the way you feel (I like the way you feel)  
Ooh shawty don't hurt nobody with what we got here  
(come closer, c'mon)  
Cuz I like the way you feel (I like the way you feel)
