"Play Me"

Visit "[Play Me](#)" on MotoLyrics.com

Girl I gave you my heart but you played it like a deck of
cards
When you gave it quick to me guess I shoulda known
what was up
I gave all my aces up for the sake of love
I wouldn't do to my worst enemy what you did to us.

Girl you played me hard baby when we said we'd never
hurt each other
Girl you played me hard baby when we said we'd hurt
each other never

A spade is a spade girl but what we had's a royal flush
I didn't never plan on a trade girl but your behavior's of
disgust
When I gave so much you went and played [...]
When a [...] tells you a joke girl you are supposed to
pick it up

Girl you played me hard baby when we said we'd never
hurt each other
Girl you played me hard baby when we said we hurt
each other never

Play me, play me, play me, play me
Play me, play me, play me, play me
...

Girl I gave you my heart but you played it like a deck of
cards
When you gave it quick to me guess I shoulda known
what was up
I gave all my aces up for the sake of love
I wouldn't do to my worst enemy what you did to us

Play me, play me, play me, play me
Play me, play me, play me, play me
...

(Put it up)
We made a bet and the bet came back on me

(Put it up)

This' your casino, Pacino was just a tease
More than 15, put your bid up, put up your keys, better
clean up
Cause what happened down in Vegas what's supposed
to stay with us

Girl you played me hard baby when we said we'd never
hurt each other
Girl you played me hard baby when we said we hurt
each other never

Girl I gave you my heart but you played it like a deck of
cards
When you gave it quick to me guess I shoulda known
what was up
I gave all my aces up for the sake of love
I wouldn't do to my worst enemy what you did to us

Play too much, you you play too much
Play too much, you you play too much

Girl I gave you my heart but you played it like a deck of
cards
When you gave it quick to me guess I shoulda known
what was up
I gave all my aces up for the sake of love
I wouldn't do to my worst enemy what you did to us

Girl you played me hard baby when we said we'd never
hurt each other
Girl you played me hard baby when we said we hurt
each other never
