The game 'bout to change
Usher, woah man
(Y'all are somethin' else)
Yeah, a lotta women

You know they say y'all do it better than us
(And I learned from the best man)
Because we only see what you're doin'
But I see ya, where we at?
This right here is for my triple G's with the double DD's

Go get 'em girls
(Haha, yeah man)
You know who you are
Where we at?
(Over here, lookin' how we lookin')

Ain't that right?
(Huh, yeah)
Go get 'em girls
(I see you)

I profess I'm a lover minor scholar of anatomy
Doctor of feminine chemistry
Got a healthy fascination for a multitude relation
With plenty women that's willing to feed
And it happens every once in a while

I go too deep that I gotta shut it down
She keep on comin' by, won't quit on callin'
It's safe to say that she's fallin'
She pleadin', she don't want me to leave
I had to tell her

No, no, no
She keep on begging for more
No, no, no
She said you don't love me no more
That's when I be like

Lovin' me baby, that's a no, no
(No, no)

I'm better when I touch and go
I'm trying to add yo name to my hall of fame
Not just a player, I'm a pro lover
(Lover)

As a quick pro call we can both come and go
This ain't about fidelity
(Uh, uh)
Thought I was a pimp, player, hustler, baller
(Huh)

Woah man, she a G
(Yeah)
And do it better than me
(Do it better than us, man)

When it happens then every once in awhile
She gon' cook just to hook you for a while
Can't escape, take your pick, either way you're a trip
cause
Man, if she layin' for it, that means you payin' for it

No, no, no
She keep on begging for more
No, no, no
She said you don't love me no more
That's when I be like

Lovin' me baby, that's a no, no
(No, no)
I'm better when I touch and go
I'm trying to add yo name to my hall of fame
Not just a player, I'm a pro lover
(Lover)

Tick-tock, better hurry, times runnin' out
So you better be sure before we lay down
Knock, knock, daddy's home, open up girl
I can tell that it's been awhile, you've been waiting

Come through it so many times
(With women that I do it)
Ain't tryin' to make you mine
(But I like the feeling)

That's gon' be honest, baby
We don't go through drama here, baby
'Cause when you give it up
You gon' get addicted and go crazy and lose your
mind

How many of you like that
(Keep on asking me for more)
(More, more, more)

Lovin' me baby, that's a no, no
(No, no)
I'm better when I touch and go
I'm trying to add yo name to my hall of fame
Not just a player, I'm a pro lover
(Lover)

Not just a player, I'm a pro lover
(Lover)
Not just a player, I'm a pro lover
(Lover)

Better ask somebody
(Players, real G's feel me on this one)
Ain't that right girl, yeah
(Not just a player, I'm a pro lover)
Lover

(Not just a player, I'm a pro)
I know you got it, baby
Biggest player in the world
Yeah, you know who you are
