I had a dream when I was just a little boy
To find a girl like you
We would meet at the park at school
And talk till the day was through
[?] take a pair of tones
And I would comb your hair
And you would dream of all the cities
And places we could go

[Chorus:]

Oh, oh, oh

Say the words that you know I won't hear
Put your heart out close to my ear
We would live to know the time
We could stay till the days turns in night.

I can still remember dreams as a little boy
Now I'm man, and still can't [?]

Hey, hey, hey

Real love it will never come, if you in it now
But I had to learn that lesson down in the [?]
[?] spend the night in the town just to have a little fun
In my mind I'm wishing she's the one
(I said to myself)
Is this to close to reality
For you to be that girl from that fantasy

[Chorus:]

Oh, oh, oh

Say the words that you know I won't hear
Put your heart out close to my ear
We would live to know the time
We could stay till the days turns to night.

She stole my head and let's go play the dream again

Uh, uh, to find a girl like you

(Only you and me around!)

I look into your eyes

I'm not seeing [?]

I look into your eyes

I'm not seeing [?]

Love is pure!

[Chorus:]

Oh, oh, oh

Say the words that you know I won't hear
Put your heart out close to my ear
We would live to know the time
We could stay till the days turns in night.

This is dedicated from the [?]
I would never, never, never know!
