My sons, keep them  
Please forgive me  
Whoa now I think this woman  
Went and put a hex on me  
Whoa now why'd I let her go on  
And put that sex on me  
Whoa now I probably shouldn't have  
Watched that girl undress for me  
Oo the scent of her perfume in the air  
Got it feelin different in here, yea  
She took my breath away  
Onto some fancy ship  
Into another place  
Such an expensive trip  
But she didn't make me pay  
For it with my money  
(Oooooowwww)  
It's the sins of my father  
He left the debt to his son  
To pay the girl who's a mother  
Collector won't let me run (Nooo)  
But she didn't make me pay  
For it with my money  
I paid for the sins of my father  
Whoa now she's speaking in a  
Tongue that's sounding new to me  
Whoa now mamma told me what  
This could do to me (Uh)  
Whoa now wouldn't fall for  
Something like this usually (No, no)  
Tell me how could I ever prepare  
If my papa never was there (Oooooooo)  
She took my breath awaaay  
Onto some fancy ship  
Into another plaaaaace  
Such an expensive trip  
But she didn't make me pay  
For it with my money  
(Oooooowwww)  
It's the sins of my father  
He left the debt to his son (He left the debt to his son)  
To pay the girl who's a mother (Mother)

Collector won't let me run (Nooo)  
But she didn't make me pay  
For it with my money  
I paid for the sins of my father  
Faaaaaaaaather (Hurt me, please me yeah)  
Faaaaaaaaather  
(Nooo, I don't deserve the debt that came with my  
birth)  
Faaaaaaaaather (Oooooo)  
(Why have I been sentenced to something  
that that man came up with? I pray that I reverse this  
curse)  
It's the sins of my father (Father)  
He left the debt to his son (He left his debt to his son)  
(Heyyyay)  
To pay the girl who's a mother (To pay the girl who's a  
mother)
