Tomorrow's not promised, ending now
You Better take advantage of me
Don't wanna miss out on your blessings now
Talking bout you could or you should be
I'm standing here in front of you
Don't be shy girl I wont bite you now

You talking bout you work on the weekends now
Let me take you work you out on the weekday
I ain't talking bout a relationship
I'm talking bout a love in a hard way
I'll show you what its supposed to do
Don't be shy girl

What you waiting on?
I present to you a perfect situation
Aint no need anticipating, no
Take that
Take that
Take that
Take that

Listen
Lets take a short cut to my hotel now
If you're ready we can meet in the valet
You Gotta follow my directions now
Don't wanna mess around and be lonely
A;
You need to put this love up in your life
If it gets hot in the parking lot
We're gonna have to fog up the windows
Up in the back seat til I hit that spot
Got our legs around my neck in a choke hold
Show you what its supposed to do
Don't be shy girl, what you waiting on

What you waiting on?
I present to you a perfect situation
Ain't no need anticipating, no
Take that

Take that

Take that
Take that

What you waiting on?
I present to you a perfect situation
Aint no need anticipating, no
Take that
Take that
Take that
Take that

Patience is a virtue
Why can't we just get to it
I ain't trying to rush you babe
So In lust with you
Girl enough is enough
They say good things come to those
who go hard at pursuing them
I aint trying to play no games

I need to know what you waiting on?
I present to you a perfect situation
Aint no need anticipating, no
Take that
Take that
Take that
Take that

What you waiting on?
I present to you a perfect situation
Aint no need anticipating, no
Take that
Take that
Take that
Take that
