let me tell somethin' to you
no
listen to me man
yeah man
yeah
see this right here?
it's dirty..

mama say got nuthin good to say .. don't say nothin'
well now'a'days that aint the case
papa said they ain't got nothin good to say, so fuck 'em
that's the American way, eh.
tryna do right by
playin the good guy
yeah they always startin somethin' but I don't know
what
the facts ain't enough
they tryna find somethin'
keep diggin
and diggin
truth manipulated from nothin'
this time
guess I gotta be the bad guy
keep dishin' that dirt
you've come with the curse
tryna bring out the worst in me
guess I gotta get dirty dirty

ya game is my real life
it's my time to say somethin'
now gimme the mic
I won't like it but that drama keepin everybody paid, eh
them flashin lights
now that y'all'a granted me mr page 6,
bogus rumours tied to me regardless,
no matter true or false
it is what it is
everywhere you go you're greeted by camera's and
secret sorses
layin' low lookin' for dirt
wanna see me get dirty?
dirty dirty

dirty
dirty

now let me get this right
question?

you'll ride with me when I'm up
bet on me when I'm down
that can't be right
why I gotta be a fool if I in love
even if im messin' round
guess this is one of the times..

tryna do right by
playin the good guy
standin up for somethin
but I don't know what
the facts ain't enough
they tryna find somethin'
keep diggin
and diggin
truth manipulated from nothin'
this time

guess I gotta be the bad guy
keep dishin' that dirt
you've come with the curse
bring out the worst in me..
guess I gotta get dirty dirty...
dirty, dirty,
dirty, dirty...

this shit is my real life
it's my time to say somethin'
you might not like,
I don't condone it but that drama keepin everybody
paid, eh
them flashin lights
now that y'all'a granted me mr page 6,
daddy handle that heat,
they say im bein reckless,
no matter true or false
it is what it is
everywhere I go Im greeted by camera's,
and if I find out that that secret source is somebody
that i know,
that close, on the low,
slingin dirt for dough,
im gon get dirty..
dirty dirty yeah..
dirty, dirty,

yeah
gon get dirty with it baby,
yeah man,
this here,
is time business baby,
get dirty it it!
cos i know you won trip...

let me tell something to you,
listen, eh,
this time,
say hello to the bad guy,
keep dishin that dirt,
you've come with the curse,
bring out the worst in me,
guess ive gotta get dirty,
dirty, dirty,
yeah,

this shit is my real life,
and i know im sayin somethin that you might not like,
I don't condone it but that drama keepin everybody
paid, eh
them flashin lights
now that y'all'a granted me mr page 6,
daddy takin that heat,
they say im hella reckless,
no matter if its true or false
it is what it is
or you got some columnist thats keep keep laughin,
in the career or radio,
i hope you enjoy show,
i kept it dirty,
dirty, dirty...
dirty...
